Yeah. This would be RFI #3, right?

Good Morning Mary Beth and Chris – The CPT driller responded to us regarding his availability. Unfortunately it looks like he won't be able to be onsite until mid-July. Would you like me to notify the CO that an additional mobilization will be needed?

Cheers!

Bill

Hi Bill,

I have completed 25 out of 105 pressuremeter tests for the new U.S. Treasury building. Realistically, I think that I could come about mid-July.

Best regards,

Roger

I am starting a project next week that will last 4 to 6 weeks—I will know my schedule better next week after we start and will update then. I suspect that June 21 may be a bit early.

I look forward to working with you.

Best regards,

Roger

Hi Roger – We’re expecting funding from EPA for this project this week. I’m trying to find a time to schedule the field work. What is your availability in June or early July to do the CPT borings in the Chuckery Area?

Cheers!

Bill
